

Alistair J. Chopping

alistair.j.chopping@durham.ac.uk

Durham University
Department of Mathematical Sciences
Mathematical Sciences & Computer Science Building
Upper Mountjoy Campus
Stockton Road
Durham, UK
DH1 3LE

I am currently a PhD student under the supervision of Dr Charlotte Sleight, in the Department of Mathematical Sciences at Durham University. I am interested in holography and the cosmological bootstrap, and a description of my project can be found at <https://gtr.ukri.org/projects?ref=studentship-2567207>.

Education

- **PhD Mathematical Sciences - Theoretical Physics.** *October 2021 - Present*
Department of Mathematical Sciences, Durham University, UK.

Supervisor: *Dr Charlotte Sleight.*
Funded by an STFC Studentship.

- **MPhys (Hons) Theoretical Physics.** *September 2017 - June 2021*
Department of Physics, Swansea University, UK.

Grade: 1st Class Honours, 89% Average.
MPhys Thesis: *Black Holes and The Information Loss Paradox.*
Supervisors: *Professor Timothy Hollowood & Professor S. Prem Kumar.*

Grades include:
100% in Quantum Mechanics II, Mathematical Methods I and Physics Simulation,
99% in Statistical Physics and Foundations of Astrophysics,
94% in Advanced Particle Physics,
92% in General Relativity,
89% in Quantum Field Theory.

Academic Experience

Honours & Awards

- PM Davidson Prize for Master's Level Research in Theoretical Physics *2021*
Swansea University, UK.

Attended Conferences/Schools

- Paths to Quantum Field Theory, *August 2022*
Durham University, UK.
- North British Mathematical Physics Seminar, *June 2022*
University of York, UK.
- Higgs Centre School of Theoretical Physics, *May 2022*
University of Edinburgh, UK.

Seminar Organisation

- Theoretical Physics Student Seminar Series, *September 2022 - Present*
Durham University, UK.

A seminar series with participants from the particle theory groups in both the mathematics and physics departments at Durham, in an effort to foster a stronger connection between the two.

Additional Information

Computing Skills

- *Programs & Programming* - Good knowledge of \LaTeX , *Mathematica* & *Microsoft Office*. Previous experience with *Python* from several undergraduate courses.
- *Operating Systems* - Good knowledge of *Microsoft Windows*.

Foreign Language Skills

- Modern Greek - Elementary Proficiency.

Referees

- **Dr Charlotte Sleight**, Department of Mathematical Sciences and Computer Science, Durham University, UK.
E-mail: charlotte.sleight@durham.ac.uk.
- **Dr Ben Hoare**, Department of Mathematical Sciences and Computer Science, Durham University, UK.
E-mail: ben.hoare@durham.ac.uk.
